

## Prosecco Superiore Extra Dry Frozza 2018

Obtained from the cru of the same name, this Prosecco Superiore in the extra dry version boasts a bright straw color that enhances its perlage, with a scent of white fruit and rich in floral sensations. On the palate it expresses roundness and fullness, the exuberance of soft tones and brought back into balance by a fresh citrus note ideal at 7-8 ° C as an aperitif and on special occasions, it accompanies soups and first courses in general, seafood and cheeses.
